In re Application of  
Parker et al.  
Application No. 10/034,012  
Filed: December 20, 2001  
Attorney Docket No. 1805 (15817)

ON PETITION

This is a decision on the petition filed March 28, 2002, to accord the above-identified application a filing date of December 20, 2001, instead of January 3, 2002.

Paragraph (c) of 37 CFR 1.10 sets forth procedures for filing a petition for a filing date where there is a discrepancy between the filing date initially accorded by the Office and the "date-in" entered by the USPS. Paragraph (d) of 37 CFR 1.10 sets forth procedures for filing a petition for a filing date where the "date-in" is incorrectly entered or omitted by the USPS.

Petitioner has failed to provide evidence establishing the "date-in" entered by the USPS. Specifically, petitioner has failed to provide the PTO with a copy of the express mail label. Since a copy of an express mail label has not been provided, petitioner has failed to establish the "date-in" entered by the USPS. Therefore, petitioner has failed to establish a discrepancy between the filing date accorded by the Office and the "date-in" entered by the USPS. In addition, petitioner has failed to establish that the "date-in" was incorrectly entered or omitted by the USPS.

Petitioner has supplied a printout of a USPS database search indicating that the application was en route on December 20, 2001, the filing date requested. Therefore, the petition is **granted**. In the future, petitioner should take steps to receive an express mail label with a clear date-in, and not rely solely on possible database results.<sup>1</sup> If the Office receives a label with an omitted or illegible date-in, the Office will give the application a filing date of the date the package is received, unless a petition is filed. A petition involves additional work by petitioner and the Office, and also delays prosecution of the application into a patent.

The file does not indicate a change of address has been submitted, although the address given on the petition differs from the address of record. If appropriate, a request to change the address of

<sup>1</sup> Paragraph (b) of 37 CFR 1.10 provides,

Correspondence should be deposited directly with an employee of the USPS to ensure that the person depositing the correspondence receives a legible copy of the "Express Mail" mailing label with the "date-in" clearly marked. Persons dealing indirectly with the employees of the USPS (such as by deposit in an "Express Mail" drop box) do so at the risk of not receiving a copy of the "Express Mail" mailing label with the desired "date-in" clearly marked.

record should be filed. A courtesy copy of this decision is being mailed to the address given on the petition; however, the Office will mail all future correspondence solely to the address of record.

The file is now being forwarded to the Office of Initial Patent Examination to accord the application a filing date of December 20, 2001.

Telephone inquiries should be directed to Petitions Attorney Steven Brantley at (703) 306-5683.
